

## GMO(x) PROFIBUS

Before configuring the hardware, the GSD file supplied with the AS-i 3.0 PROFIBUS Gateway with integrated Safety Monitor must be added to the hardware catalog.

In addition, the GSD file is available as free download on [www.euchner.de](http://www.euchner.de).

### How do I find the current GSD file?

The following list shows which GSD file is needed for your device. First search for the order number of your bus module in the left column of the list. The right column shows the GSD file which has to be downloaded.

Order number	GSD File
099 585	102047.gsd
103 267	103330.gsd
103 302	103331.gsd
103 373	103828.gsd
103 374	103829.gsd
